

Worcestershire County Golf Limited

Addendum to Representative Golf Policy

WCG recognises the commitment of players who represent the County and provides significant support to help teams to compete in their respective leagues and England Golf championships.

In providing these opportunities WCG has an expectation, which applies to both boys' and men's teams, that players will play for the team for which they are selected.

With respect to boys' teams, it is recognised that some players may also be considered for selection for the WCG men's teams. However, it is also considered important that WCG boys' teams are fully supported by players and that full strength teams can be selected whenever possible. To ensure that there remains a commitment to boys' teams the following policy will apply other than in exceptional circumstances and with the agreement of the Golf Director or WCG Director:

- selection for a boys' team takes precedence over selection for a men's team
- availability for selection for a men's team will be dependent on the player having participated in the immediately preceding boys' match for which they were selected.
